

**Welcome to Gourmet Group Catering.**  
We are here to serve you!

Dear Future Customer:

We are The Gourmet Group, a full-service catering company, with a Corporate Lunch Service division. We have been in business for three years and due to our loyal clientele, we are continuously expanding.

**We provide healthy and affordable lunches to the busy professional.**  
A diversified selection of fresh lunches is delivered to you daily without the need to pre-order. One of our drivers would simply stop in each day at approximately the same time, and anyone interested in purchasing our delicious food simply does so.

On a final note, please remember that should you have any private or corporate functions coming up, we hope that you will give us the opportunity to show you what we're about.

Thank you for your consideration and we look forward to adding you to our list of happy clients.

Cordially,

Moreno Gombia  
Marie Black
